[®] This application chart is provided to aid in understanding where Indelval Rubber Flooring products are recommended for use. It is a subjective recommendation and is predicated upon the adherence to proper installation techniques; specific location of installation; level of foot traffic; and the type of maintenance practiced on-site.
 Exc | Excellent A | Acceptable - | Not recommended
 ● Indelcol plus is recommended for accents and border wherever same thickness is offered in other products.
 Please contact Indelval SAIC for assistance on transport flooring for buses, rail vehicles and ships.
